

Energy Efficiency Programs

COMMERCIAL LED LIGHTING PROGRAM

This program provides cash incentives paid directly to commercial customers to help cover the cost of lighting upgrades and replacements. The program covers:

- ✓ Indoor high/low bay lighting
- ✓ LED exit signs
- ✓ Linear replacement or retrofit lighting
- ✓ Fluorescent freezer/refrigerator case lighting
- ✓ And customized requests

Eligibility: Commercial customers of local electric utilities that are MEAN long-term power participants.

SMART THERMOSTAT PROGRAM

This program provides cash incentive of up to \$100 paid directly to residential customers to help cover the cost of installing a qualifying smart thermostat. Smart thermostat technology is most beneficial in households that have extended periods during the day when no one is home, those that turn their thermostat down during bedtime hours or those that have irregular occupancy through the week, month or year.

Eligibility: Residential customers of local electric utilities that are MEAN long-term power participants.

ATTIC INSULATION PROGRAM

This program provides cash incentives of \$0.15 / per square foot with a maximum incentive of \$300 per existing residential dwelling for attic insulation.

Eligibility: Residential customers of local electric utilities that are MEAN long-term power participants.

COOLING SYSTEM TUNE-UP PROGRAM

This program provides a \$30 cash incentive to residential homeowners who have their cooling system tuned up by a HVAC contractor, regardless of what type or age of cooling system (air conditioner/air or water source heat pump).

Eligibility: Residential customers of local electric utilities that are MEAN long-term power participants.

HIGH EFFICIENCY HEAT PUMP PROGRAM

This program provides cash incentives from \$400 to \$3000 to residential homeowners who are installing a new heat pump system to their residential single-family dwelling.

Eligibility: Residential customers of local electric utilities that are MEAN long-term power participants.

Municipal Energy
Agency of Nebraska

Your local public electric utility, together with the Municipal Energy Agency of Nebraska, provides financial incentives through four energy efficient programs. Increase your energy efficiency through these programs and save money!
